

Table of Contents

Preface.

Acknowledgements.

Introduction.

I: Plain Radiography.

1. DOG.

1.1 Skeletal System.

1.1.1 Appendicular Skeleton.

Forelimb.

Hindlimb.

1.1.2 Axial Skeleton.

Skull.

Vertebrae, Ribs And Sternum.

1.2 Soft Tissue.

Pharynx And Larynx.

Thorax.

Abdomen.

2. CAT.

2.1 Skeletal System.

2.1.1 Appendicular Skeleton.

Forelimb.

Hindlimb.

2.1.2 Axial Skeleton.

Skull.

Vertebrae, Ribs And Sternum.

2.2 Soft Tissue.

Pharynx, Larynx and Thorax.

Abdomen.

II: Contrast Radiography.

3. DOG.

3.1 Soft Tissue.

Bronchography.

Barium Meal.

Barium Enema.

Pneumocolon.

Cholecystography.

Intravenous Urography.

Cystography.

Retrograde Urethrography In Male.

Retrograde Vaginography And Vaginourethrography In Female.

Portography.

Sialography.

3.2 Skeletal System.

Arthrography.

Myelography.

4. CAT.

4.1 Soft Tissue.

Barium Meal.

Barium Impregnated Polyethylene Spheres (Bips).

Cholecystography.

Intravenous Urography.

Cystography.

Retrograde Vaginography In Female.

Retrograde Urethrography In Male.

Portography.

4.2 Skeletal System.

Myelography.

Bibliography.
